Student Cell Phone Policy Enforcement Report

Reporting Period: 2025-2026 School Year

Publication Date: September 16, 2026

I. Purpose

In accordance with New York Education Law Section 2803, Emblaze Academy Charter School publishes this annual report summarizing enforcement of its Student Cell Phone Policy. All information is aggregated and de-identified to protect student privacy.

II. Enforcement Summary

During the 2025-2026 school year, **three students** received disciplinary interventions related to the school's Student Cell Phone Policy.

III. Demographic Data

Demographic Category	Students
Total students receiving an intervention	3
Male	3
Grade 8	2
Hispanic	1
Black	2

Privacy note: Because fewer than five students were involved, these data should not be combined with names, incident details, specific consequences, or other identifying information.

IV. Disparity Analysis

Emblaze Academy reviewed the available demographic information related to enforcement of its Student Cell Phone Policy. Because only three students received disciplinary interventions, the sample was too small to determine whether a statistically significant demographic disparity existed.

The school will continue reviewing enforcement data to ensure that the policy is applied consistently and equitably across student groups.

V. Continued Monitoring

- Maintain consistent documentation of phone-policy violations and interventions.
- Review enforcement data by grade level and demographic group.
- Monitor whether any student group is affected at a disproportionate rate.
- Provide staff guidance to support consistent enforcement.
- Develop a mitigation plan if a statistically significant disparity is identified.
